The authors provide the following additional information to enhance transparency and align the article with current international publication standards.

The original article includes statements regarding conflict of interest, funding, and author contributions. The following additional statements are provided:

Ethical Approval

This study was conducted in accordance with ethical standards for research involving human participants. Permission to conduct the study was obtained from the administration of Sta. Catalina National High School, Department of Education, Philippines. The research procedures adhered to institutional and educational guidelines to ensure the protection of participants' rights, privacy, and well-being.

Informed Consent

Informed consent was obtained from all participants prior to their inclusion in the study. For participants under the age of 18, parental or guardian consent was also secured. Participation was voluntary, and confidentiality of the participants' information was strictly maintained.

Data Availability

The data used in this study are available from the corresponding author upon reasonable request.

AI Disclosure

No artificial intelligence tools were used in the preparation of this manuscript.
